On her first birthday, Catie Wilkins was diagnosed with medulloblastoma, an aggressive brain tumor. After years of harsh treatment, Catie’s tired immune system succumbed to a common virus shortly after her fourth birthday. Catie’s family is committed to furthering research in her memory. Her mother, Jenny Wilkins, stated, “My husband, Tre, and I can’t look our other two children in the eye and tell them that we did nothing to improve treatment for other children like Catie.”

Sister’s on a Journey is an inspiring event benefiting Catie’s Fund of CURE Childhood Cancer. This special dinner features unique, individually-themed table decorations, a silent auction, live auction, and moving program. Since inception, Sisters on a Journey has grown from one to four separate events in southeast Georgia. Last year alone, more than 2,200 people attended the dinners which raised more than $340,000. To date, Catie’s Fund has raised more than $1.3 million.

The funds raised are invested in CURE’s Precision Medicine Program which focuses on individualized treatments based upon each child’s genetic make up.

ABOUT CURE CHILDHOOD CANCER

Founded in 1975, CURE Childhood Cancer is a non-profit organization dedicated to conquering childhood cancer through funding targeted research while supporting patients and their families. CURE is a leader in advancing research to improve outcomes for affected children, investing at least $4 million annually in promising studies. Through innovative programs, CURE provides crisis-oriented support to families. For more information, visit CUREChildhoodCancer.org
