Join the Fight WITH CURE

Cancer is the leading cause of death by disease in children. Yet the federal government allocates **less than 4%** of its research funding to solving cancers that affect children.

CURE is dedicated to **conquering childhood cancer** through funding targeted research while supporting patients and their families.

Over the past decade, CURE has directed more than **\$43 million** into the best, most promising research aimed at helping children with cancer who need us now. We are a leader in advancing Precision Medicine, the most promising approach to treatment of children with cancer in decades.

For the **16th consecutive year**, CURE has earned a **four-star rating**, the highest possible, from Charity Navigator, America's premier assessment organization for sound fiscal management, accountability, and transparency.

"Only 1% of the charities we evaluate have received at least 16 consecutive 4-star evaluations, indicating that CURE Childhood Cancer outperforms most other charities in America." - Michael Thatcher, CEO, Charity Navigator
