

Caroline, Age 11
brain tumor

Charlie, Age 6
leukemia

Ripken, Age 3
leukemia

This year's flag features original artwork by Caroline, a remarkable young girl who has been courageously fighting brain cancer for nearly a decade.

GET YOUR 2025 CURE FLAG TODAY!

Last September, something amazing happened in our community. Colorful flags appeared – each one a stand against childhood cancer. It's time for our community to make an even bigger impact this year!

These flags are so important. Each \$30 CURE flag directly funds critical research targeting the toughest childhood cancers. Last year, we helped raise more than \$200,000 for lifesaving research. Imagine what we could do if everyone joined in!

Scan to buy a flag now!

Why do you need a 2025 flag? (if you had one last year).

The answer is simple: cancer research is an ongoing battle, and each year's flag fuels the next wave of breakthroughs.

WILL YOU JOIN ME IN THE FIGHT?

Help turn our community into a beacon of hope. Visit cureflags.org, use the "find your local captain," and select me as your captain. I can't wait to see the impact we can have. Thank you for joining this important effort!
