CHILDHOOD CANCER

THANK YOU FOR SUPPORTING CURE

Since CURE's beginnings in 1975, we have raised millions of dollars to advance promising research and provided tangible support to thousands of children with cancer and their families.

While CURE was initially founded to conquer childhood cancer through research, the organization has evolved into much more today. Research remains a focus, as evidenced by the fact that we have invested more than \$45 million in innovative research over the past ten years. We believe the research we fund today will lead to safer and more effective cures tomorrow. But we also see the need to provide support and help to patients who are fighting the disease today.

To that end, we come alongside families as a comforting presence from the day they are diagnosed and walk beside them until we are no longer needed. CURE's programs address the physical, emotional, financial, and educational needs of families during treatment and beyond.

Your support has a lasting impact and makes all the difference for the children and families facing childhood cancer.

With gratitude,
CURE Childhood Cancer

WHY BELIEVE IN CURE

Cancer is the leading cause of death by disease in children, and diagnoses are on the rise. Yet the federal government allocates a mere 5% of its research funding to focus on pediatric cancers. CURE stands in the gap – funding targeted research that will save lives and give children their best chance at a bright future.

In the last 10 years, CURE has invested more than \$45 million in lifesaving research focused on helping children with cancer who need us now. CURE is a leader in advancing precision medicine, the most promising approach to the childhood cancer treatment in decades.

CURE also supports families devastated by childhood cancer through programs designed to meet a family's emotional, practical, and financial needs. From emergency financial assistance to meals and counseling, CURE is committed to walking alongside families throughout their cancer journey.

For the **17th consecutive year**, CURE has earned a **four-star rating**, the highest possible, from Charity Navigator, America's premier assessment organization for sound fiscal management, accountability, and transparency.

"Only 1% of the charities we evaluate have received at least 16 consecutive 4-star evaluations, indicating that CURE Childhood Cancer outperforms most other charities in America." - Michael Thatcher, CEO, Charity Navigator

“

I've always had a heart for those facing battles they didn't choose. After seeing my own family members endure cancer and its impact on everyone around them, I knew supporting CURE was a meaningful and necessary cause to support. I've been blessed, and giving back to an organization making a real difference for children and their families is something I embrace without hesitation.

ABOUT CATIE'S GATHERING

Catie's Fund was created by Tré and Jenny Wilkins in memory of their daughter, Catie Wilkins, with one powerful purpose: to improve outcomes for children facing cancer. Established in 2007 as a named fund of CURE Childhood Cancer, Catie's Fund honors her battle by advancing life-saving pediatric cancer research and supporting families through every step of their journey.

At the heart of this mission is Catie's Gathering, an unforgettable event, best known for its uniquely themed tablescapes, where hosts and hostesses pour creativity, imagination, and care into creating one-of-a-kind tables for their guests. From whimsical and elegant to bold and over-the-top, each table becomes a work of art and a reflection of the passion behind this cause.

Beyond the beauty and excitement, Catie's Gathering brings together a community determined to change lives. This often sold-out evening blends music, auctions, raffles, laughter, and inspiring stories from children and families facing pediatric cancer with extraordinary courage. By partnering with Catie's Gathering, sponsors become part of a beloved tradition that brings people together through compassion, creativity, and purpose, all while making a tangible difference for children fighting cancer.

Badger Rental Service is a mission driven company. We exist to empower people through equipment rental, owners, employees, and customers alike. It came as no surprise to me that our business would rally around another mission. You can walk around our building or catch one of our drivers at a job site and ask them about CURE Childhood Cancer and listen to their passion for the cause. As a business owner, I cannot tell you how valuable that is to our organizational health and how proud we are to be a part of CURE!
