SAVANNAH LEADERSHIP COUNCIL

The Savannah Leadership Council (SLC) is a dedicated group of community leaders in the greater Savannah area who are passionate about advancing the mission of CURE Childhood Cancer.

Service on SLC provides an opportunity for leadership development, meaningful community impact, and connection with others who are committed to making a difference for children with cancer and their families. Council members play an essential role in strengthening CURE's presence in the South GA region.

- **Personal Donation:** Minimum of \$250 personal contribution to CURE each year.
- **Service:** SLC members can serve up to four years in total. Terms are two years (July 1 to June 30). After your first term, you have an option to extend your service with one additional two-year term.

Committee Opportunities

To strategically advance the mission of CURE Childhood Cancer in the Savannah region, SLC members serve on at least one committee that aligns with their interests, strengths, and professional networks.

Each committee plays a critical role in growing awareness, strengthening community relationships, and generating resources that fund research and support families.

CURE Fund Committee

PURPOSE: To champion philanthropic investment in CURE Childhood Cancer and strengthen long-term financial sustainability in the South GA region.

Community Engagement & Patient Family Services Committee

PURPOSE: To champion philanthropic investment in CURE Childhood Cancer and strengthen long-term financial sustainability in the South GA region.

The SLC does not have governance responsibilities.

CURE fuels lifesaving research and critical support – bringing hope to brave families facing childhood cancer.

About CURE Childhood Cancer

Our History

Since our establishment in 1975, CURE has focused our efforts on improving the care, quality of life, and outcomes for children with cancer. The founders, parents, and a dedicated pediatric oncologist, joined forces to support laboratory research that would translate into immediate care for children with cancer.

Since that time, CURE has raised millions of dollars to fund innovative research at the Aflac Cancer and Blood Disorders Center at Children's Healthcare of Atlanta, Emory University School of Medicine, and other prominent institutions nationwide. CURE also provides support for families battling childhood cancer aimed at addressing their critical and urgent needs.

Our Annual Budget

CURE's annual budget is more than \$14.5 million. Ninety percent of funds raised go directly to research, patient and family services, and education, with only 10% going to administration and fundraising.

For the 17th consecutive year, CURE proudly received the highest rating from charity watchdog Charity Navigator. According to Charity Navigator's CEO, "CURE outperforms most other charities in America."
